

Job Posting – Financial Analyst (Annapolis, MD)

At NewGen Strategies and Solutions, our vision is to be the consulting company that makes a difference for our clients, employees, and community. Our values include making an impact, fostering innovation, ensuring quality, cultivating community, and serving as a trusted advisor to our clients. We are searching for a detail-oriented Financial Analyst to join our team in our Annapolis Office. Other qualities desired in the ideal Financial Analyst include:

- Excellent written and verbal communication skills
- Ability to develop, maintain, and enhance relationships
- Critical and analytical thinker
- Intellectually curious self-starter
- Collaborative team player
- Ability to coordinate work on multiple assignments at once
- Stays calm in high-stress situations
- Exceptional attention to detail
- Can synthesize large amounts of data
- Proficient in Microsoft Office Suite (especially Excel and the integration of Power Query, Power Pivot, and Power BI)
- Prior experience with energy, water, or other utility industries as well as proficiency in other analytical or programming software packages (i.e., Tableau, R, SAS, Python, etc.) beneficial but not required

If our Financial Analyst position sounds like the opportunity for you, please send resume and cover letter to Beth Smith at A-List Interviews (info@a-listinterviews.com). We look forward to hearing from you!

Job Description

The Financial Analyst will assist with developing user-friendly Microsoft Excel models that evaluate utility financial, technical, and operational data to provide reports, insight, and action plans to senior level utility management. The successful candidate will work directly with Senior Consultants, Executive Consultants, Directors, and client project teams to diagnose issues and collaboratively design effective solutions. The duties of this position include, but are not limited to:

- Perform quantitative and qualitative financial and economic analyses to support end-user models utilizing the Microsoft Office Suite.
- Conduct econometric analyses employing descriptive and predictive analytics to summarize large sets of historical data from various platforms.
- Support development of financial models with user-friendly dashboards to improve flexibility in decision-making and to address our clients' most challenging problems.
- Develop project status reports and prepare reports and memoranda summarizing research findings, statistical data analysis, and results.

- Perform industry and project-specific research.

Additional Information

Location: Annapolis, MD

Employee Type: Full Time

We offer competitive salaries and bonuses. Our benefits package is competitive and includes medical insurance, 401K Plan with matching, paid personal time off and holidays, and flexible work schedules. Investment in both formal and informal professional development is encouraged and funded by NewGen.

Base Compensation Range: \$60,000 - \$67,000

The range provided is NewGen's reasonable estimate of the base compensation for this role. The actual amount may be higher or lower, based on non-discriminatory factors such as location, experience, knowledge, skills, and abilities.
